*Let me out, I'm in a state of faillir,  
you know I'm free.  
Vis - a - vie a new one's short

## Let me out

This is not me  
Let me out of here

This is not the real me  
Help me to get out of here, please

I don't want to live by their rules  
Your rules don't set me on

Let me live mine  
I'll be fine now  
Let me feel mine  
I'll be mine now

This is not me  
Let me out here

This is not the real me  
Help me to get out of here, please

Let me live mine  
I'll be fine now  
Let me feel mine  
I'll be mine now

I'll be fine and good  
From the day on  
And on and on

Before  
This was not me

Please this was not me

**In a state ( No fears no tears )**

I was  
In a state of shock

I lost my mind  
But now I'm here

I took the time  
And now no fears

I was  
In a state of shock

I lost my way  
But now I'm found

I took the days  
And now no tears

No fears no tears  
My future is now bright and clear

No fears no tears  
Tomorrow will come now to

Light my dear

But

I was in a state of shock

## **Faillir**

Maintenant que  
J'ai failli mourir

Avant j' ai failli à la vie

Je vois mieux aujourd'hui  
Ce que sera ma vie  
À l'avenir

Je re – goûte à la vie  
Comme à la première fois, à la première journée

Les broutilles, les querelles de mots  
Les enfantillages de grandes personnes  
Les mots non- dits derrière un silence  
Désapprobateur de gestes inutiles à la finale

Cela n'a plus la même  
Importance  
La même saveur

Je n'ai plus la même approche  
Ni le même recul

Je vois

Ce que je vois  
Je suis  
Ce que je suis

Je suis  
Bien avant  
Et je me dépasse  
De l'ordinaire

Même que j'ai failli mourir  
Je ne faillirai plus à la vie  
A la vie

## I'm free

I don't need  
To be seen

By your expecting eyes

I don't need  
To be seen

By your expecting eyes

I'm free Let me shout  
Let me cry  
I'm free for the night

Let me shout  
Let me cry

I'm free for the night

I'm free I don't need to be judged  
For the night for myself forever  
I don't need for myself whatever

For the night

Let me shout  
Let me cry

I'm free for the night

**Vis – à – vie**

Création  
Vers l'éclatement hors de sa mère

Transformation  
Rupture totale avec l'ancien

Laisser libre  
Lâcher prise

Vis – à – vis de tout et chacun

J'avance sur mon propre chemin  
Je laisse le créateur libre en soi

Laisser libre  
Lâcher prise

Vis – à – vis de tout et chacun

Création  
Vers l'éclatement hors de la mort

Transformation  
Rupture totale vers le nouveau

Laisser libre  
Lâcher prise

Vis – à – vis de tout et chacun

Je refais mes balises

Les idées préconçues

Les pré – jugements

Les idées acceptées séances tenantes

Les pré – jugers avoués instantanéments

Laisser libre

Lâcher prise

Vis – à -vis de tout et chacun

## **A new one**

Well  
I have a new light  
A nice one and a good light too

We can afford it  
Don't ask about it  
We can afford it

This is my new way to do

Well  
I have a new light  
A nice one and a good life too

We can afford it  
Don't ask about it  
We can afford it

This is my new way to do

A new start  
Life gave me a new start

There's nothing too much  
For a new start Mum

Same old road  
But a new way to roll

And we can afford it  
Don't ask about it  
We can afford it

This is my new way to do

I'm back  
I'm back for life  
I'm back for good

This is my new way to do

## No time

I don't have no time  
To loose anymore

Don't bother me with them  
With money they spend  
With words they said

Let me hear  
Let me tell you something

I don't have no time  
To loose anymore

Don't bug me with them  
With honey they buy  
With world they 're by

Let me hear  
Let me tell a thing or two

I don't have anytime  
To loose and waste

Never more

Don't mix with them  
With tasty fruit they give

With a nice word they live in

I don't have no time

Now

Never more

## **Crashed car ( Danger )**

Danger in you  
Is bigger than a car  
Coming to you

You are in the wrong way ( Danger )  
You can't go in life ( In you )  
In that way

Be in the right way ( No danger )  
Then you may go in life ( In you )  
In that way

Stay in your own frontier ( Is better )

Where do you go ? ( Oh where )  
Why you drive so fast ? ( So fast )  
What's for ( Oh why )  
Is it good for you ( and me )

What is in your real face ? ( What is ? )  
Who are you really ? ( Say it to me )

Tell me ( Tell me )  
What did you feel ? ( Do you )  
In the deep of your heart – In the deep of your heart

You don't seem to see ( Don't seem )  
What's wrong

You don't seem to know                      ( Don't know )  
What's right

To avoid    ( Oh yes )

Danger in you                                      ( Danger )  
Is bigger than a crashed car

What you did before                              ( Before me )  
Don't avoid it

Danger in you  
Is bigger than you

## **Quoi ! Coupable**

Rassemblé autour  
L'opinion va de gauche à droite

Toujours tout vu  
N'étaient pas là

Toujours tout su  
Personne a dit

Toujours raison  
Sur tout

Surtout  
Cela ne les regarde pas  
Du tout surtout

De toutes façons  
Ils ont leurs opinions

Coupable

Pourtant  
Personne de présent  
Ils étaient absents  
Personne de présent  
Et pourtant

Coupable

Jugé coupable

Laissez – moi vous dire  
Une chose où deux  
C'est moi qui était présent  
Et non eux

Coupable pour les uns  
Indifférent pour les autres

En vie  
C'est ce qui compte  
Pour moi

## **Dream of a quiet man**

He said  
I've been hearing all about you  
Me too  
I've been hearing all about me

And you didn't hear  
The half of what you did

And you didn't see  
The half of what I said

And you didn't do  
The half of what I am

Me too  
I've been hearing all about me

And you don't expect  
The half of what I've done

And you don't realise  
The half of what I've said

And you don't make  
The half of who you are

Living as blind  
As you can be

Don't want to know anything you don't  
Don't mean  
You want to a quiet life  
And you mess up with me

Me too  
I've been hearing

All about you

So Good night  
Have a nice dream  
The dream of a quiet man  
Talking too much and too high
