## Feel myself

I feel myself like I was before  
I feel myself like I wasn't anymore

Before today  
I was half of myself

Before today  
I was somebody else

Before today  
Not anymore ( Before today )

I feel myself like I was before  
I feel myself like I wasn't anymore

After today  
I'll be the whole of myself

After today  
I won't get anyone else but me

Before today but me  
Before today about you and me

When you are feeling fine  
You are in this mood to  
Scream and shout  
Then let it out  
Let it all out

Yeah

## ( I wonder ) Only true to you

I wonder what it's gonna be  
To see a girl that I need

I wonder why you're angry  
'cause a girl that I need

I need a girl that I know  
To compose a song like I do

I need a girl that I love  
To write a song of love

I wonder why you're angry  
'cause a girl that I pray

Let the good time roll  
Let the good time go

Let the good time roll  
You'll see that my love

Is true to you  
Is good for you

Only true to you  
Is good for you

Whatever you heard  
Remember my words

Whatever you've learned  
Remember our world

Only true to you

I love you

## I don't care

Everytime we used  
To make love it rains  
Outside I'm going home  
I'm not too far  
To get lost  
It's almost midnight

I don't care  
About the things you used to do

I don't care  
Doing the things you used to tell  
'cause

It rains outside of my eyes  
It rains outside of my lights

I don't care  
About the things you used to say

Everytime I used  
To touch her there clouds  
Away I'm going home  
I'm not too far  
To get lost  
It's almost midday

I don't care

About the things you used to do

I don't care

Doing the things you used to tell

It rains outside of my eyes

It rains outside of my lights

I don't care

About the things you used to tell

Oh no

It rains

Outside

Of my eyes

I won't say

I'll love you forever

Not to come

Back later

You'll keep me satisfied

You, You keep me satisfied

I don't care

I don't dare

I don't care

I don't care

## Une larme solitaire

Une larme solitaire sur un visage de glace  
D'étranges pensées pour une dame étrange  
La nuit lui cache sa journée

Elle rêve  
Le cœur plein d'espoir  
Elle rêve  
La vie plein de noir

Une larme solitaire sur un visage de glace  
D'étranges pensées pour des larmes versées  
Le sourire lui cache sa journée

Elle rêve  
Le cœur plein de soir  
Elle rêve  
La vie plein de noir

Une larme  
Une seule dans sa vie  
Une larme  
Entre ses mains  
Une larme  
Ne s'effacera  
Une larme  
Ne s'effacera jamais plus

Même l'amour est trop peu présent  
Pour éteindre cette larme seule

Une larme solitaire ne peut s'éteindre  
Qu'avec un cœur solitaire

Un cœur solitaire ne peut s'éteindre  
Qu'avec qu'une larme solitaire

Elle rêve  
La vie plein de foi

Elle rêve  
La vie hors la loi

Elle rêve  
Elle rêve  
Elle rêve

Une larme solitaire,	Elle rêve
Sur un visage seul,	Elle rêve
D'étranges pensées,	Elle rêve
Pour une dame étrange,	Elle rêve
La nuit lui cache sa journée,	Elle rêve
Sa journée,	Elle rêve

## Crying for yourself

You cry  
For no tears in your eyes  
No words in your life  
No fears in your lies  
You shout and I run away

Can't hide your mind  
Can't get fine I know  
You'll never be in time

To cry for yourself

Crying for yourself  
You know you can not be  
Crying for yourself  
I know you'll never touch  
Your tears inside yourself

You cheated your closer friends  
Till the end  
The end is near  
You'll cry for yourself

Don't wrap you up  
With no tears 'cause  
You know  
You'll cry for yourself

I don't wrap up  
No tears boy  
Yes I know  
Yes I cried

You dared with my love in your eyes  
Then be crying for yourself

You lie  
With no truth in your life

No faith behind your eyes  
No love by your side  
You fight for and I'll run away

I'll run away

You dared with my love in your eyes  
Then be crying for yourself

You do what you mean  
You mean what you do  
Any tears you'll shed  
You'll cry for yourself

Cry cry for yourself  
Cry cry for yourself

## Devant ce miroir

Devant ce miroir  
Il y a mon âme noir  
Noir de haine et noir de pleure  
Les mots ne sont là  
Que pour cacher l'absence

Devant ce miroir  
Je jure mon âme noir  
Noir de haine et noir de pleure  
Les mots ne sont là  
Que pour cacher l'absence

Se souvenir  
C'est mourir à petit feu

Se voir s'ouvrir  
C'est souffrir à l'espoir

Devant ce miroir  
Il y a mon âme noire  
Noire de haine et noire de peur  
Les mots ne sont là  
Que pour cacher l'absence

Un soir  
Un souvenir  
Une soirée si longtemps désirée  
À jamais libre  
Dans le noire de mon âme

Devant ce miroir

## Soul

Seeing your shadow on the wall  
Nothing goes right when I'm wrong  
Nothing goes wrong when I'm right  
I'm still alive behind my mind

All I can see is a soul like mine

Don't love me in this way

You know I won't talk about no way  
Cries wasted so much time  
I won't share my fears out, my tears out  
In your lies with my soul

Reading your signs on the wall  
Nothing goes far when I'm near  
Nothing goes near when I'm far  
I'm still alive behind my years

All I want is a soul like mine  
Mine in your soul

Don't love me in this way  
Don't , don't , don't love me in this way

## **In your soul ( Freedom )**

You can be cute seem  
To be free looking  
For your freedom Don't

Look for yourself in  
My soul don't look for  
Yourself in my roll touch

The things you saw  
You know you can not

Find yourself

One way  
Looking for you  
Someday  
You'll need a clue  
To look for your freedom

You can be a lady to  
Be the one you  
Desire looking for your freedom Don't

Look for yourself in

My life don't look for  
Yourself by my side touch

The things you thought about  
You know you can not

Find yourself

One way

Looking for you

Someday

You'll need a clue

To look for you

Freedom in your soul

## **As you are you**

You wanna leave me  
It's all the same to me

You wanna make me cry  
It's all the same to me bye

You wanna run away  
It's all the same to me lady

She's stucked inside my head  
Her thoughts that make me dead  
Her words she used to leave  
Your heart that needs to live

Free  
Fine an free

Me  
I'm fine with me

She's stucked on things that kills  
Her thoughts that makes me ill  
Her words I used to hear  
Your heart that can't be here

Free  
Fine and free

Me  
I'm fine with me

Meet me in my head  
My dreams 'll make you dead  
You can't stand for life

Me  
I'm fine with me

Take your life into your hands  
Take a ride inside your life  
See the bugs that make you out  
Come back in and scream and shout

Free  
Fine and free

Me  
I'm fine and free

Come back in and scream and shout

## Seul

Seul, ( Il est )  
Je suis seul

Face ( Seul ) à sa détresse  
Face ( Seul ) à ses projets  
Face ( Seul ) vers soi – même

Personne ne l'aide  
( Ne m'aide )

Aucune caresse aux bouts de ses doigts  
( De mère )

Aucune tendresse son regard si froid  
( Amer )

Jadis plein d'amour

Seul ( Il est )  
Je suis seul

Face ( Seul ) à la sagesse  
Face ( Seul ) sans regret  
Face ( Seul ) vers soi –même

Personne ne l'aide  
( S'entraide )

Aucune caresse au goût de la loi

( Sans foi )  
Aucune tendresse en manque de foi  
( Sans loi )

Jadis plein d'amour

Seul  
Je suis seul

Face  
Seul mais bien seul

Mais bien sûr

Seul  
Seul  
Seul  
Seul

Jadis plein d'amour

## **Too much**

A light is on my face  
A tear is in my eyes  
No one is in my place  
Your words, you lie

Darkness is around me  
Shadow is taking a look  
No one is beside me  
Your world is a sad book

Too poor to tell a word  
Too rich to hear me

Too poor to see the world  
Too rich to see me

That I'm alone in my room

On my own, too soon

Music is my head  
A melody is wrapping me  
No one is in my bed  
Your breath is hot to me

Too poor to know the truth  
Too rich to tell me yes

Too poor to have to prove  
Too rich to show the best

Like a light is on my face  
A tear is in my eyes

And it's so much  
That's too much

Nothing is too much  
Nothing is too much  
To live in the light  
Of faith in you

You're not too poor  
To try to get through

You're not too poor  
To try to get through

Too poor to tell a word  
Too rich to hear me

Too poor to see the world  
Too rich to see me

That I'm alone in my room  
On my own too soon

Too soon  
Too much
