Happiness

Paroles et musique Mario Deschênes

Happiness left me for a while

**I do know why
I don't know when**

**It will come back to me
To my life
Around me
Inside my heart**

My brother passed a way for a while

**I do know why
I don't know when**

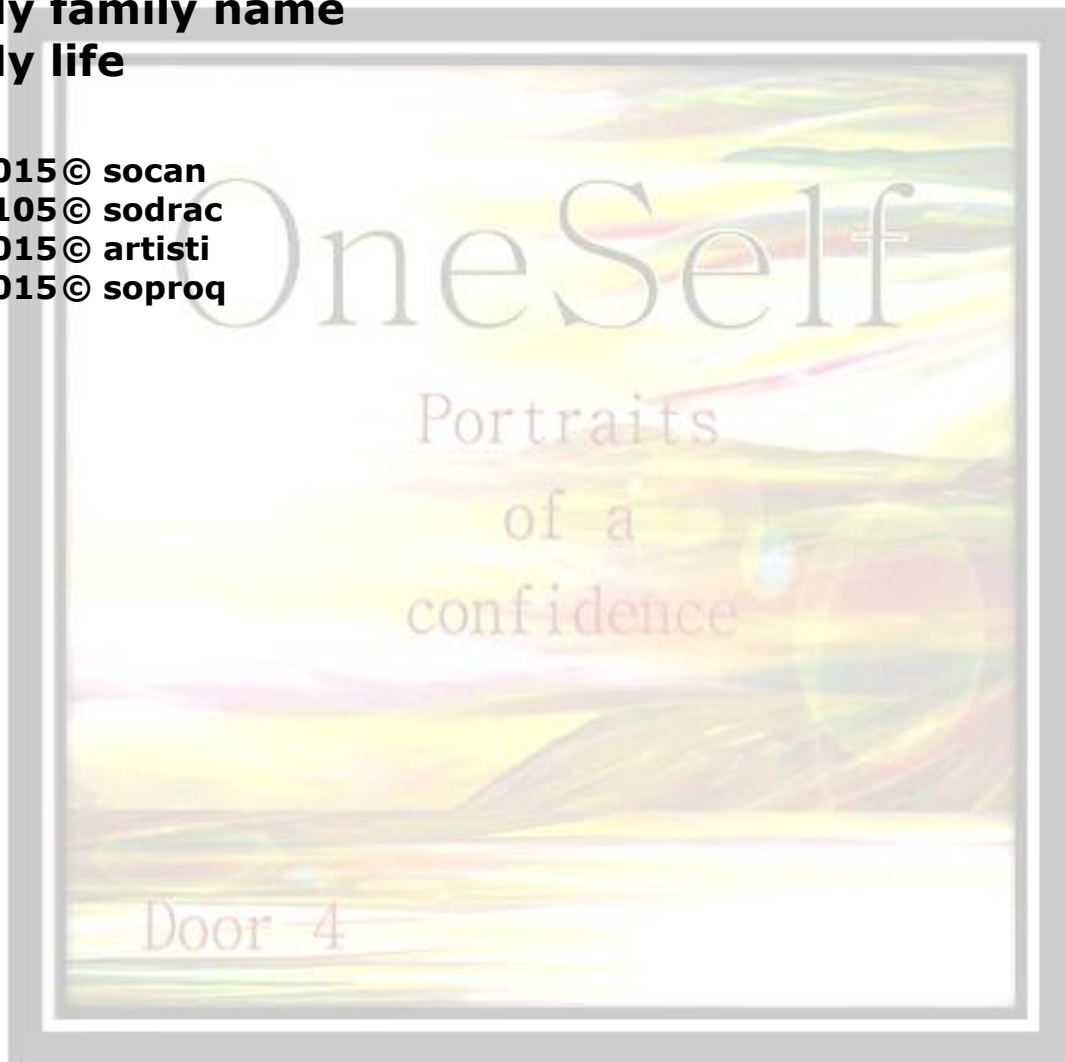

**He will come back near me
To my life
Close to me
Inside my heart**

**He will always live
Inside my heart**

**Memories are so a precious gift
For a tear coming to
My eyes**

**And I will remember him
For the rest of my name
My family name
My life**

Only time

Paroles et musique

Mario Deschênes

**Only time will tell
If I'm wrong or right**

**Do you think it's gonna be
It's gonna be too long**

I mean I mean yes I mean

**Your time is out
Young time is over
Behind your doubts
Upon your shoulder**

**Only time will tell
If I'm wrong or right**

**Lonely time has said
You're wrong and right**

**Only time
Lonely time**

**Your time is out
Young time is over
Behind your doubts
Upon your shoulder**

**Too long
Too late**

**Too late
Too long**

**Lonely time
Only time**

Sorry so sorry (Freely)

Paroles et musique
Mario Deschênes

**Sorry, so sorry
I gave you life
I spent some time
With you I have to
Let you slip
Let you slip away**

**Sorry, so sorry
Freely, so really**

**Oh yeah
Oh no**

**Sorry, so sorry
I gave you light
I wasted some time
With you I have to
Leave you sleep
Leave you sleep away**

**Sorry, so sorry
Freely, so really**

Oh yeah

**Sorry
I know
You were not alone
I didn't choose you
A matter of good taste
I want to have some fun
With one of your sisters**

**Sorry, so sorry
Freely, so really**

Oh no

**I'm sorry
So sorry
You understand
Don't be mad at me
I chose the best
For me
The better that I can
Describe my mind**

Oh yeah

**Sorry, so sorry
Freely, so really**

Oh no

**I'm
sorry
For you**

As if

Paroles et musique Mario Deschênes

Love is all
Is love all ?

Love is all
Is love all ?

Love is all
Is love all ?

Love is all
Is love all ?

Depending on your eyes
By your sight

Depending on your light
By your night

Depending on your life
By the night

Depending on your night
In your life

You think

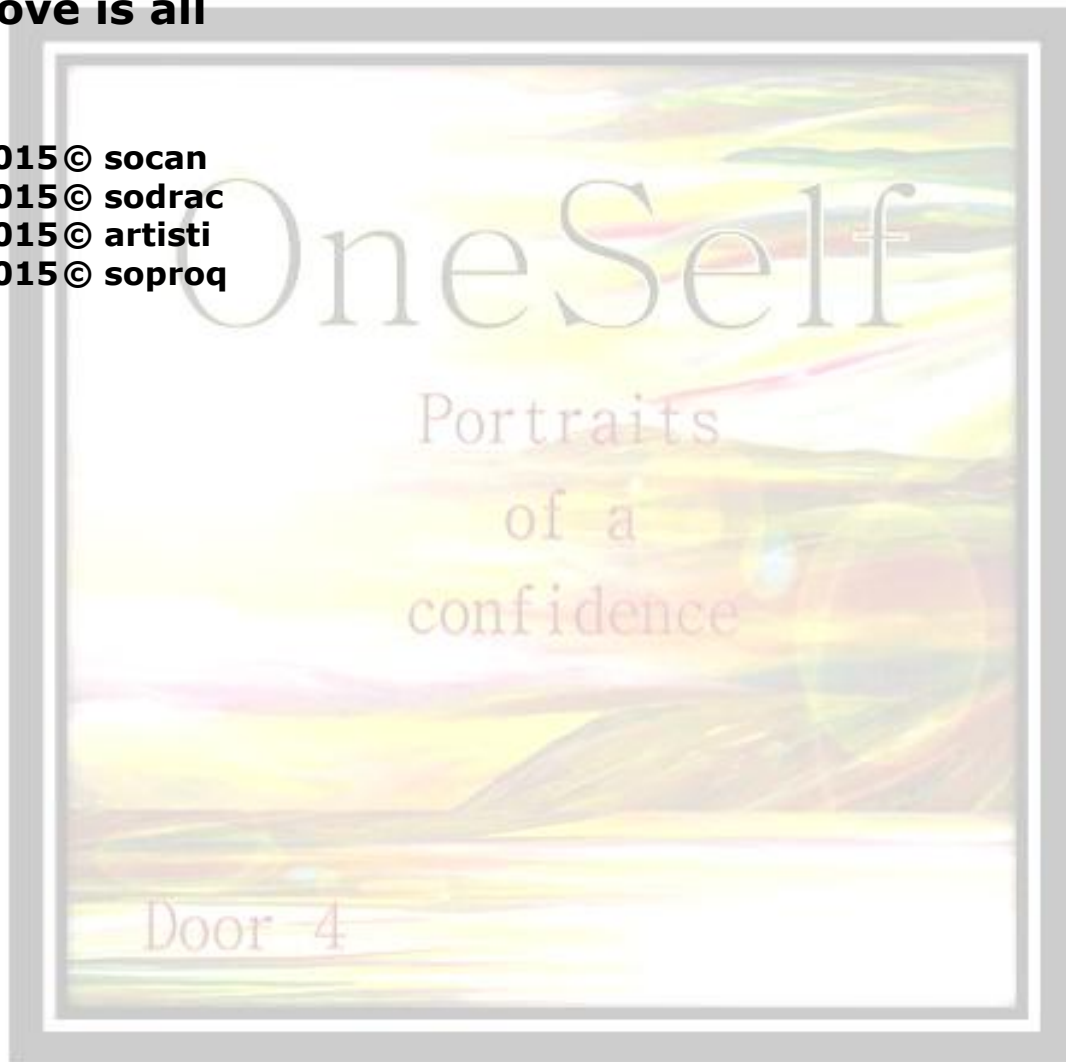

**You talk
You act as if**

**Don't forget
To remember**

Love is all

(Still pain) One year later

Paroles et musique

Mario Deschênes

**I didn't want you to die
I won't lie at saying**

**It didn't touch me
It did
Yes it did**

**And it does now
And it does now**

**I didn't want me to be alone
I won't lie at saying**

**It didn't hurt me
It did
Yes it did**

**And it does now
And it does now**

**One year later
I can't forget him
I don't want to feel
That pain anymore**

It's too hard

**So hard to stand for
My heart is too dry to cry for
There's no tears living there anymore**

**One year later
I can't forget him
I don't want to feel
That pain anymore**

It's too hard

**So hard to stand for
My heart is too dry to cry for
There's no tears living there anymore**

**I didn't want you to die
I won't lie at saying**

**It didn't touch me

Now

Paroles et musique Mario Deschênes

**Look at your future now
There's a lot of hopes**

**Look at your future now
There's a lot of gaps**

**Get out of your future now
There's a lot of now**

**Dummy on the road
Dummy in the life**

**Dummy on the road
Dummy by your side**

**You have to face yourself
What you really wanna do
Don't betray yourself
Where you wanna go**

**I wanna touch the sky
The one with no limit**

**I wanna walk on earth
With shoes that belong to me**

**You'd better get out of them
They think you are a dummy one
They talk behind your back**

**I tried to go to the left
They're there**

**I tried to go to the right
They're there**

They're always there

**Look out
There are dummies on the road
Look at
There are dummies by your side**

**Look at
Look out
Look at
Get out**

Shadows and secrets

Paroles et musique

Mario Deschênes

**Shadows and secrets sealed in ice of love
White castle appeared in the light of dawn
Absence of wind dust in the silence
I can't ignore what I can't avoid**

**I can't stop thinking about a reason why
I'm looking for a reason to arise a smile**

**Shadows and secrets behind an unfair past
The light of dawn float on my knees
Absence of tears dust in the grave
I can't avoid what I can't ignore**

**I can't stop thinking about a reason why
I'm looking for a reason to arise a smile**

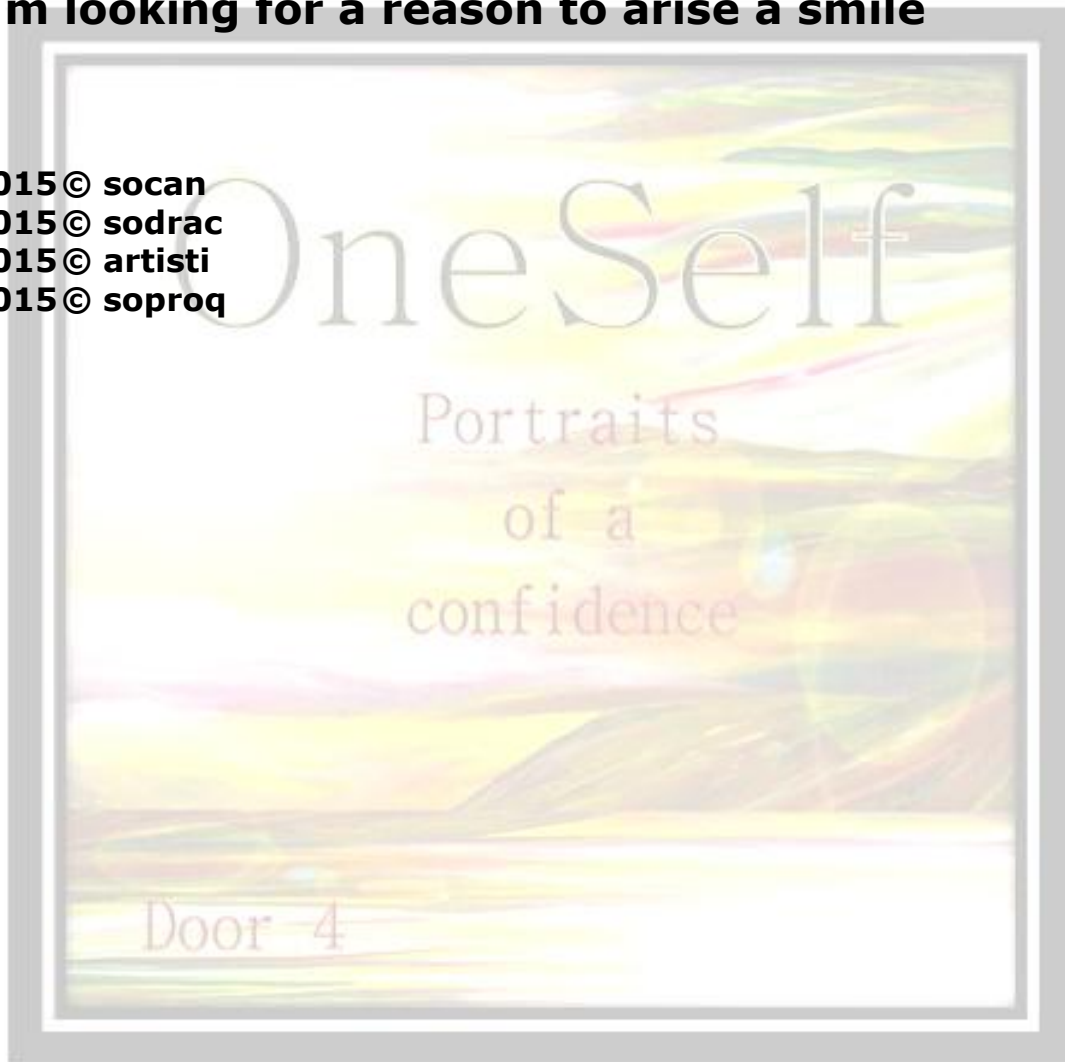

**Words are useless in this world
Break the silence of your hands
Run the risk to see you blind
Feel the chains around your head
Wake up break it to me gently**

**I see my weakness behind me
Some said weakness is a state of mind
Some said weakness is behind you forever**

**Shadows and secrets sealed in ice of love
White castle appeared in the light of dawn
Absence of wind dust in the silence
I can't ignore what I can't avoid**

**I can't stop thinking about a reason why
I'm looking for a reason to arise a smile**

No days but drop by drop

Paroles et musique

Mario Deschênes

There are no days that God made
I don't feel alone, lonely without
His words to go, to grow, to be
The one I can be
With no days, no more days
To be with him

No days
No days at all
No days
No days of all
No days
No days that's all

No days You're still giving me
 A little drop of advice

No days You're still giving me
 A little drop in your ways

No days You're still giving me
 A little drop of advice

No days You're still giving me
 A little drop in hard ways

**No days
No days
No days**

**O.K. that's fine with me
So nice, so nice of you
So fine, so fine from me
So nice, so nice to me
So fine, so fine from you**

**There are no days
That I don't think about you**

**There are no days
That I don't want to talk with him**

You're still

**Give me a drop
A little drop**

**Give me a drop
A little more drop**

**A little drop of life from light
A little drop of light from life**

**And I got it
A little drop
That's what I've got
A little drop**

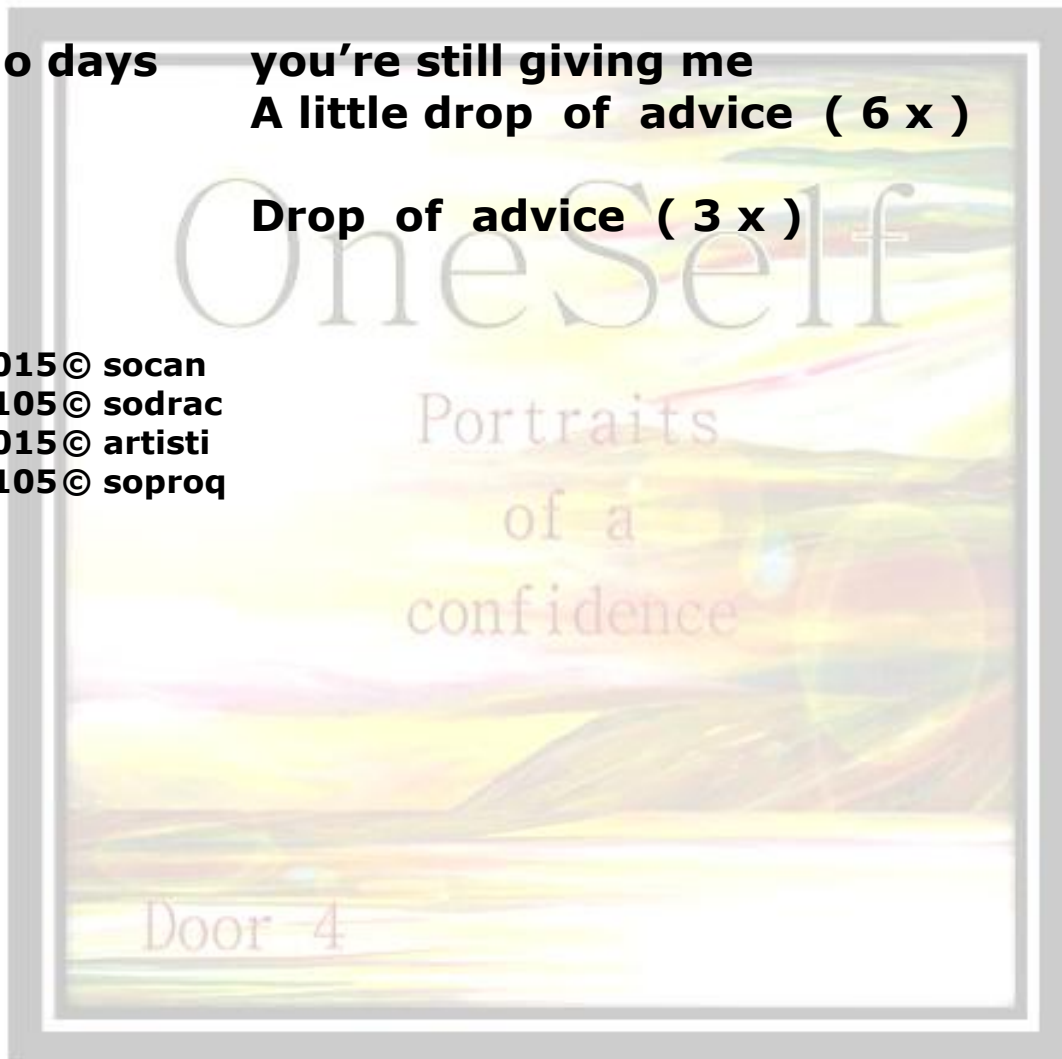

**And I got it
A little more drop
That's what I get
A little more drop**

Thank you to give me that chance

**No days — you're still giving me
A little drop of advice (6 x)**

Drop of advice (3 x)

A souvenir cant die

Paroles et musique
Mario Deschênes

**A tear may die
An eye may die
A heart may die**

A souvenir can not die

**I've never said to my father
I love you
It's too late
I don't think so**

He knows we've loved him

**A fear may die
A word may die
A face may die**

A souvenir can not die

**I've never said to my brother
I love you, my mum
I do think so**

They know we love them

**On earth
Living my mother and brothers
Nephews and nieces, sisters – in – law
Let me tell you**

I love you all

**You can hear it
You can feel it
You do mean it**

**A souvenir can not die
Can not die
Can not die
Can not die
Can not die**

All my

Paroles et musique Mario Deschênes

**All my tears are cried
I don't want to cry anymore**

**All my fears are dry
I don't wanna get fear never more**

**The news of your death took me by surprise
I did everything to honour your name
I learned a lot of things to make up my mind
You were in pain, you were in pain**

**I know the lines
The reasons why
I know the lines
The reason one**

Your faith in life was gone

**When faith in life is gone
There's nothing left
Life is gone
Nothing beyond
Things behind
And you beyond**

That's why, that's why, that's why

**All my tears and fears are cried and dry
I don't want want to be in**

You hear me

**I don't want, want to be in
I wanna keep your souvenir as a brother**

All my, oh my, but now

All what I see

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears are gone

All my tears

God, my Friend

**Paroles et musique
Mario Deschênes**

**God, my Friend
Tell me**

**Why YOU let the world to be
What it is
What it is**

Who they are
Who they are**

I don't want to judge
Or be judged
By YOU too**

YOU'll never be
You set us free**

**Free to think
Free to talk
Free to grow**

**Upon YOUR eyes
Upon YOUR mind
Close to YOU
Close to be**

Tell me**

Why YOU let the earth to be

We are there**

Are we there?**

**Who are we?
Are we here?**

(Light version)

Living his death with a lot of soul

Living his death with sincerity

Living his death with no chance to roll

Living his death

He wasn't

I don't care's a kind of guy , brother

Now he's out of sight

But it doesn't mean

He ain't there

He is here

Discovering worlds and futures around

Understanding facts as a new birth

Going in , through lights of his last life

Like an old movie that he lived before

Like a shadow of himself

A kind of living

Living his life with body and soul

Living his life with authority

Living his life no chance to roll

Living his life

Living his death

Leaving his life

Living his rest

**Rest in peace brother
You deserve it brother**

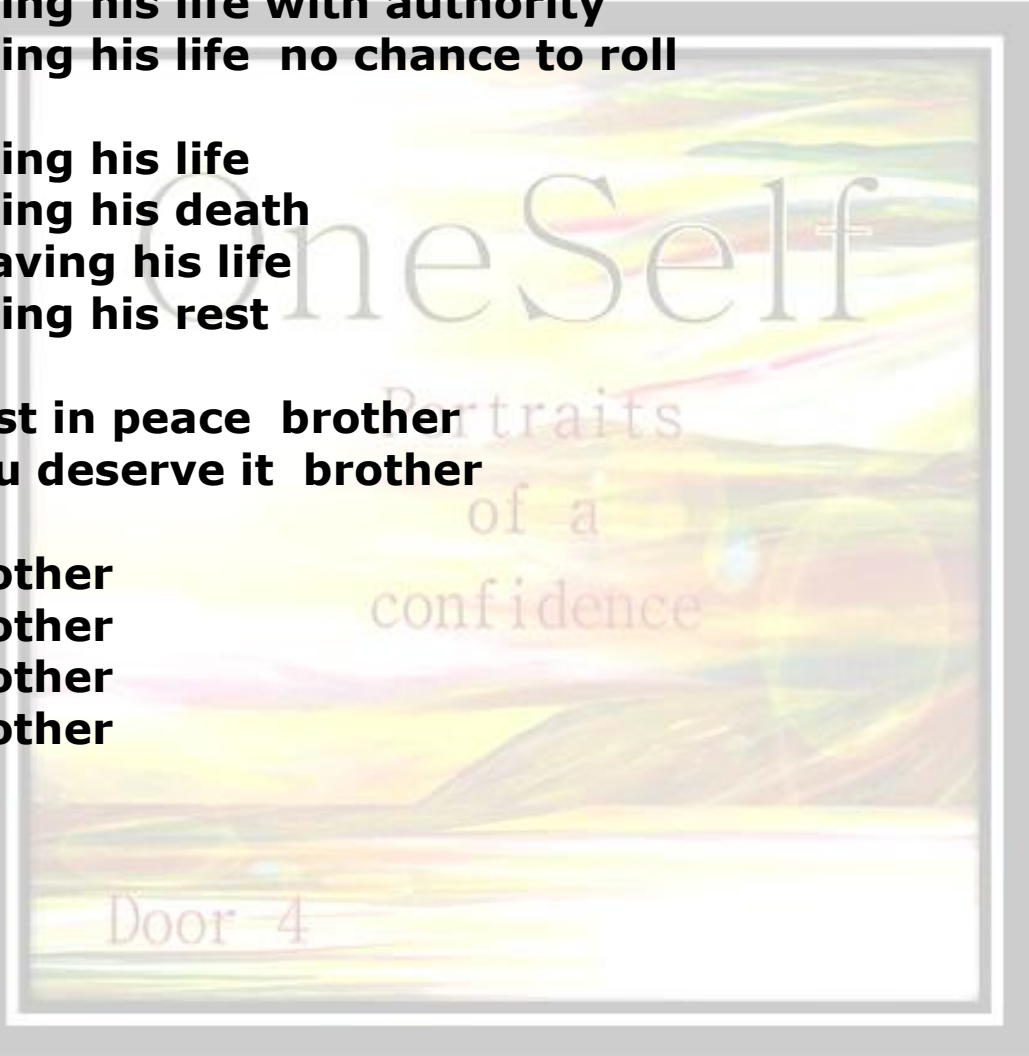

Brother

**Living his life with body and soul
Living his life with authority
Living his life no chance to roll**

**Living his life
Living his death
Leaving his life
Living his rest**

**Rest in peace brother
You deserve it brother**

Brother
